- Department Quality Assurance Cell reviews question papers to ensure those are error-free.
- For the assurance of proper evaluation of answer sheets, the Department Quality Assurance Cell re-evaluates 10% copies/subject after the examination.
- Monthly attendance of students per subject is displayed on the notice board at the end of the month to make aware students of their attendance.
- Assignments taken by the subject teachers are evaluated thoroughly and returned back to the student.
- Quizzes are taken in the form of Google Forms/Kahoot/quizizz platforms where students can have real-time and fair evaluation.
- The continuous internal evaluation of practical subjects is recorded by filling the practical check performa after every experiment performed by the student.
